ABOUT CHRISTINA O

More than any other yacht, CHRISTINA O is a symbol of romance, and coming aboard you feel it's magic.

The yacht is a stage, and has a history of the most glamorous, and heroic business, political, and entertainment protagonists.

Aristotle Onassis understood perfectly what people need to come together, relax and be entertained. You simply need old-world charm.

We invite you to charter to take advantage of a perfect venue for any gathering of friends and family. You can cruise in absolute comfort and offer your guests an unforgettable experience involving an iconic yacht.

Whether you have experience of large yachts or not, you will appreciate the unique atmosphere and romantic power of this historic vessel. Onassis knew that modern yachts lack class in comparison.

Her ability to cruise fast is a valuable asset for enjoying a wide area of coast during a charter

EXTERIOR

*Graceful and impressive
with style, flair and panache*

SPACE ON DECK

The aft deck table seats 16 people. It is a beautiful varnished table with intricate marquetry inlays designed by Melinda Patten depicting the tales of Ulysses. The mosaic dancefloor lowers to form the swimming pool, and depicts the story of the Minotaur. It is a popular area for breakfasts and BBQ set-ups.

The original showpiece pool design, with a mosaic base that can be raised & lowered

JACUZZI DECK

There are spaces for large groups as well as cosy relaxing and dining.

The split-level Jacuzzi Deck overlooks the Aft Deck pool at one end, and a few steps down next to the Jacuzzi you arrive at the bar (pictured below right).

CREW

*The crew are the most important part of any yacht.
Charter guests and brokers have given high praise for this crew.*

The team of Chefs are one of the greatest assets of CHRISTINA O.

The Head Chef is French, and the Pastry Chef is Argentinian, and together with the team of Sous-Chefs they can produce cuisine of impeccable standard.

They can cater for large numbers as well as offer extraordinary a la carte menus.

INTERIOR

The Callas lounge is a room for entertaining amongst an amazing collection of memorabilia

THE JACKIE O LAPIS LOUNGE

With its feature Lapis Lazuli fireplace. Lapis is one of the most sought after stones in use since history began, and reading about it you find it said that it is "stimulating one's desire for knowledge and understanding... it is excellent for enhancing memory"

The electric piano in the Jackie O Lounge can play itself with moving keys, as well as being a perfectly tuned musical instrument.

The books are rare and interesting.

ARI'S BAR

Ari's Bar is probably the most famous part of CHRISTINA O. The bar itself is made from the wood of an ancient Spanish Galleon; and the world map is original Philips map.

There is a photo of John Wayne in the bar, and another of Elisabeth Taylor & Richard Burton.

The bar has been the venue for some historic meetings, including the first meeting between Sir Winston Churchill and John F Kennedy.

The adjoining Lapis Lounge is the entry point to the interior of the yacht from the aft deck.

MARIA CALLAS

The story of Maria Callas is an important part of music history, and people say “For modern sopranos, there is B.C. and A.C. – before Callas and After Callas.” A unique collection of letters and memorabilia has been assembled.

The Steinway grand piano is available to use.

The silver Tiffany dish on the wall, was presented to Maria Callas by Earl Blackwell, at the birthday celebration of JFK, 18 May 1963. Callas is pictured with JFK and Earl Blackwell on the night.

THE LEGEND

The Maria Callas Lounge celebrates the lives and achievements of several of the protagonists of the yacht's early story.

The entire collection of Callas recordings is available in a special presentation box offered by EMI.

Visible on the left of the entrance to the Callas Lounge are the original wedding rings from her first marriage; and there is a games table with hidden roulette wheel.

SIR WINSTON CHURCHILL LIBRARY

The library was originally the dining room in the days of Aristotle Onassis. Now it becomes a welcome reception room connected to the Callas Lounge.

The collection of books in the library includes some compulsive reading about the story of CHRISTINA O, and you may find yourself enraptured by the story as you discover details of who was on board and how they intertwine with the timeline of significant events in history.
