## Description

This 2021 29m flybridge yacht for sale is a fine example of the ground-breaking SANLORENZO SL96 ASYMMETRIC kept in immaculate condition by her meticulous full-time crew since delivery and offered with very low engines hours. This motor yacht represents an amazing opportunity to buy a 'like-new' 96' motor yacht, without waiting for long delivery delays.

The yacht features exterior design by Zuccon International Project, while her interior was penned by Studio Laura Sessa, with naval architecture by Sanlorenzo. Her exterior lines ooze elegance, whilst her luxurious interiors will accommodate guests in comfort and style. The asymmetric design allows for larger volumes and new vantage points, creating a space which invites the marine environment in.

Her asymmetric lines rethink the classic layout of a traditional motor yacht, in something more modern and dynamic. Her unconventional configuration provides an excellent circulation onboard – making her the only yacht of this size in the market that offers a seamless flow of access from aft to bow to flybridge.

Starting from the main deck aft with an al-fresco dining area, she offers great outdoor spaces. Enjoy her forward deck with lounge and sunbathing area and climb a few stairs to discover her large and functional flybridge. Here, a fully equipped custom bar cabinet with fridge and ice maker, as well as plenty other amenities such as an alfresco dining table for 10 guests, with Portofino chairs and sun loungers from Paola Lenti, welcomes all guests for a very comfortable day at sea. Both decks come with sun awnings.

Thanks to this revolutionary asymmetric configuration, extra living space has been created inside too. Her main salon is wider, full of natural light with large floor-to-ceiling windows; and has a cozy and comfy atmosphere with its elegant and refined furniture.

The master suite, located on the main deck forward, has direct access to the foredeck which becomes an extension of the Owner's private apartment. In addition to the master, this yacht comes with 3 staterooms on the lower deck, including a second beam-wide master, and each with its own en-suite bathrooms in Arabesco marble, for a total accommodation allowance of 8 guests. There is also crew accommodation space for 4 crew on board.

The SANLORENZO SL96 ASYMMETRIC is built on a planing GRP hull and GRP superstructure with teak decks. She is powered by twin 2216 Hp MTU Diesel engines, providing a top speed of 28 knots and a cruise speed of 24 knots. The yacht has a considerable volume of 100 GT.

## KEY FEATURES

- Superb opportunity for a 'like-new' 2021 Sanlorenzo yacht, with low engines hours and in pristine condition
- Impressive interior volume thanks with her asymmetric lines upgrading interior spaces and large floor-to-ceiling windows
- 4-stateroom layout, for 8 guests
- Master suite on main deck & connected to the foredeck, and three generous guest cabins on lower deck, including second beam-wide Master, each with its own en-suite
- One of the largest flybridge yachts in her category
- Seamless flow of access from aft to bow to flybridge thanks to her unconventional design
- Zero-speed stabilisers
- Very comprehensive specification with upgraded navigation, communication and TV/audio equipment, satellite, watermaker, etc.
- An absolutely 'must see' and fantastic opportunity for quick delivery
