Description

The sleek and sporty 44.6m AB YACHTS 145 Maxi Open Motor Yacht for sale, is the largest Superyacht in the sporty range of the Italian shipyard AB Yachts. She features an aggressive and dynamic profile with a powerful drive of triple 2600 Hp MTU engines on waterjet propulsion.

The AB YACHTS 145 Superyacht is a striking vessel, offering amazing extended volumes both inside and outside, thanks to her 338 Gross Tons.

Three years in the making, the owner made sure that every aspect of the design and specification were to his exact requirements. The owner designed the layout for maximum usage and for extended periods on board. In terms of décor, the Owners chose a subdued, comfortably casual atmosphere, with contrasting wood tones. The same wood soles and panelling are featured in the crew's quarters forward below deck.

Sleek lines that this yacht shares with her smaller sisterships characterize this vessel. The oval ports rimming her sides bring plenty of light into the inside. She also boasts a huge flying bridge, ideal for taking in the views while underway and socializing.

The automatic doors in the aft cockpit open up to welcome you into a saloon that feels more like a luxury apartment rather than a yacht. Light colours and soft furnishings make you feel welcome. It is a place you want to spend time in and not worry about what to touch or where you are allowed to sit. As you walk forward you find a lovely formal dining table with seating for 10 people. The day head is positioned on portside on the way to the lower deck galley and crew mess which makes a nice change from being placed just aft of the Master cabin where everyone can sneak a peak on the way to the toilet.

This AB YACHTS 145 offers lovely and comfortable accommodation for 10 guests in 5 well-appointed staterooms. The full-beam Master suite is forward on the main deck with a large walk-in wardrobe and ensuite bathroom. A huge private drop-down balcony on the starboard side really makes this cabin special. There's also a hatch with private access steps to the alfresco foredeck through what looks like a cupboard door.

On the lower deck, you will find a large lobby with access to 4 beautifully appointed cabins; a forward VIP, two identical VIP aft cabins and a large twin berth cabin on port side. There is another large room on starboard, opposite the twin which is used as a well-appointed gym, media room and study and could very well (and easily) be converted into another cabin.

The galley is on the lower deck adjacent to the crew mess area. A large seating mess area and a laundry room with washing machines and tumble dryers then lead into a hallway and the 4 crew cabins for 7. All of the crew cabins are large and bright and sizeable. You could be forgiven for thinking they are also guest cabins.

On the flybridge there is nothing in the way of fixed furniture which means a new prospective Owner can choose what he wishes or keep the existing loose furniture and keep this deck open for entertaining.

Thanks to the technological materials from aerospace technology, MJP waterjets and the careful hydrodynamic analysis, the AB YACHTS 145 can comfortably navigate without vibrations or annoying noises, while achieving an impressive top speed.

Triple 2600 Hp MTU Diesel engines mounted onto waterjets deliver the exhilarating maximum speed of 43 knots and a cruise speed of 37 knots. At this speed, the AB 145 can take you to the Bahamas from South Florida for lunch and get you back home in plenty of time for dinner.

This magnificent Superyacht has had a single Owner, a permanent crew onboard, professional maintenance resulting in a stunning condition, a comprehensive list of options including zero speed stabilizers and a chase tender.

KEY FEATURES

- Twice finalist at the World Superyacht Awards and ShowBoat Design Awards in 2016
- Zero speed stabilizers

- 12m Seawater Smeralda chase boat
- Contemporary Italian and bright living areas of excellent taste
