Description

100' Maiora 30 Walkaround Motor Yacht for Sale.

This 100' MAIORA 30 WALKAROUND motor yacht for sale is designed, engineered and built by the historical shipyard based in Viareggio, in close collaboration between the Centro Stile Maiora and the design studio Quartostile in Turin. Awarded with the prestigious "Best Evolution" trophy and the World Yachts Trophies Awards in Cannes, this model rewarded the shipyard for being able to develop new models, while maintaining the distinctive stylistic lines that have become typical of all Maiora motor yachts.

Built in 2022 on a Kevlar & carbon-reinforced GRP semi-displacement hull, this 30.5m MAIORA 30 WALKAROUND flybridge is one of the highest demanded 5-cabin Superyachts on the charter market. This new-series model from the Italian brand Maiora of Next Yacht Group, is the result of a renovated in-house production, that stands out with her large outdoor areas and broad side walkways allowing easy and safe passenger access from stern to bow.

Her impressive 120 square meter full-beam flybridge is totally free of any obstacles, making it a perfect place to sunbathe or relax under the stars, and is dotted with a pop-up TV, a bar, al-fresco dining area, and an octagonal Jacuzzi surrounded by sun beds. Down to stern, motor yacht EDEN offers a wide beach club with swimming platform, shower, and built-in sofas, while the innovative transversal garage hides a 5.40m tender and a wide array of water toys.

Her main deck cockpit is designed as a terrace overlooking the sea and provides an obstacle-free open-space with the main saloon, which includes two side opening balconies to enhance the modern marine atmosphere the yacht provides, along with a convenient day-head and fully equipped galley.

The MAIORA 30 WALKAROUND's well-appointed accommodation lodges comfortably up to 10 guests in 5 en-suite staterooms, with further accommodation for 5 crew. The enlarged Master suite is located forward on the main deck, while 2 double VIP cabins and 2 convertible twin/double cabins are located on the lower deck, all with en-suite bathrooms.

Her interior design features top edge luxury finishings made of two types of oakwood, leather and lacquered panels, furniture from Poltrona Frau and Cassini, as well as a state-of-art A/V system. For comfortable cruises while underway or at anchor, this yacht is equipped with silent zero speed stabilizers and an easy-launching side tender garage.

This MAIORA 30 WALKAROUND is powered with twin 1925 Hp CAT diesel engines, providing a maximum speed of 19 knots, a cruising speed of 16 knots, or economical speed of 12 knots for a range exceeding 1000 nautical miles.

Viewings and offers are highly encouraged.

KEY FEATURES
