## Description

### **41m Baglietto DOM 133 Aluminium Superyacht for Sale.**

This immediate delivery full-aluminium 41m BAGLIETTO DOM 133 Tri-deck Superyacht for sale was built on a displacement hull at the Baglietto yard in La Spezia, and launched in 2025, she is the eight hull in the successful 'DOM 133' series and by far, the most highly specified DOM 133 built to date. She represents a unique opportunity to own a low-houred displacement yacht, without the wait that a new build would normally require.

Designed by Stefano Vafiadis (exterior) and Cassetta Yacht Designers (interior), this BAGLIETTO DOM 133 boasts an impressive 415 GT, with exceptional volume and layout that gives the impression of a much larger yacht.

The generous interior spaces comfortably accommodate 10 guests in 5 luxurious en-suite staterooms. The full-beam Master suite is both modern and inviting, featuring large windows, statement lighting, his-and-hers walk-in wardrobes, a sliding balcony, and a beautifully appointed His-and-Hers en-suite. Additional guest accommodation includes 3 VIP cabins and one twin cabin on the lower deck, all with en-suite facilities. Additional accommodation is provided for 9 crew in 5 cabins for perfect service onboard.

The interior design by Giorgio Cassetta is sophisticated, contemporary, and refined. Full-height windows flood the main deck with natural light and offer panoramic views, seamlessly connecting indoor and outdoor areas.

Smart design elements - such as mirrored ceilings and mullions in the main deck saloon - enhance the sense of space. Custom-made furnishings, leathers, fabrics, upgraded stones, and high-end lighting fixtures contribute to an elevated and luxurious onboard atmosphere.

Exterior spaces are equally impressive. Expansive decks feature built-in furniture with integrated storage, a stern pool with a lifting floor, and a second custom-made Jacuzzi on the sundeck forward. Al-fresco dining options are available on both the upper deck and the sundeck, providing ideal settings for outdoor entertainment. The sundeck is also equipped with a large drop-down 85" TV that rotates 360 degrees - perfect for movie nights or watching live events. Two custom-designed windbreak doors offer additional comfort when at anchor in breezy conditions.

Constructed in aluminium, this BAGLIETTO DOM 133 offers a maximum range of 3,400 nautical miles at her eco speed of 10 knots, a cruise speed of 14.5 knots, and a top speed of 17 knots, thanks to twin 1622 Hp Caterpillar diesel engines.

Whether as a private retreat or a charter-ready investment, this BAGLIETTO DOM 133 is tailored to meet the needs of a business-minded owner. With few comparable yachts available on the market, she represents a rare opportunity to acquire a 2025 build with minimal use and low engine hours.
