Description

28.5m 2013 Benetti Delfino 93 Motor Yacht for Sale.

This BENETTI DELFINO 93 motor yacht for sale is a 28.5m luxury displacement yacht, built in Italy by Benetti and delivered in 2013. She was designed by Stefano Righini, and the interior design was created by Carlo Galeazzi, under the concept of a flybridge yacht with Raised Pilot House (RPH), blending elegance with functionality. Depending on the flag of registry, we believe it's possible to register under 24m, as her CE Compliance Certificate states a hull length of 23.97m.

The BENETTI DELFINO 93 represents a close link between Benetti innovation and history. This series encompasses design solutions, technical equipment, practicality and all the comfort typical of much larger yachts. Superior navigational stability, extreme attention to build quality, great advantages in terms of performance and low energy consumption, major reduction in noise and vibrations all translate the comfort of the vessel, into a design inspiration.

Her top speed is 14 knots and she boasts an impressive maximum cruising range of 1500 nautical miles at 11.5 knots with propulsion coming from her twin 965 Hp MTU diesel engines.

This BENETTI DELFINO 93 also features silent zero-speed stabilisers, a swim platform, tender garage, large exterior deck spaces and numerous upgrades like state-of-the-art audio/visual systems and a practically new Williams jet tender. Having never been used for charter and only taken on short navigation schedules, she has been meticulously maintained, with recent updates including all new seacocks and thru-hulls.

Accessing the main deck from the aft deck, there is a lounge area with three large sofas, storage space, and bookcases. All finished in varnished wood resulting in a spacious and bright saloon, exuding a cozy atmosphere. Further forward, you will find large dining table seating up to 10 guests.

On port forward, there is a door to access the galley, and on starboard forward, there is another door giving access to the stairs leading to the lower deck and guests' cabins, and further forward successively to the day head, and the Master's stateroom.

The BENETTI DELFINO 93 can comfortably accommodate up to 9 guests in 5 spacious and versatile en-suite staterooms, with additional crew accommodation for 5 crewmembers waiting on their every need. These accommodations ensure ultimate comfort, while expansive outdoor areas, including a sundeck and large dining space, are perfect for relaxation and entertaining.

The main navigation is central slightly above the main deck, with another navigation station on the flybridge and a small one on the aft deck for easier berthing.

This yacht is ideal for those seeking a timeless design, exceptional maintenance, and practical luxury, inspections are highly encouraged and offers welcome.
